B. Bilingual Education

IV. B-1. Should districts that have been required to offer a bilingual education program in previous years continue to offer the bilingual education program if their EB student enrollment falls below the minimum requirement per TEC 29.053 (c)?

Per TEC 29.053 (c), a school district is required to offer a bilingual education program when enrollment of identified EB students is at or above 20 students from the same language classification and same grade level across the district. If enrollment of EB students fluctuates below the requirement of 20 students, the district is not required to provide the bilingual education program but may continue to do so. It is strongly encouraged that districts maintain continuation of program services for students who have been participating in the
