Grant Extension

TEA has extended the end date for the 2019-2021 School Safety and Security Grant Notice of Grant Award (NOGA). The new end grant end date is June 15, 2023. Grantees do not have to amend their applications to receive their revised NOGA. Revised NOGA certificates can be accessed, viewed, and printed using the Print NOGA button in the Expenditure Reporting (ER) system. The Print NOGA button is available when a NOGA ID is selected in the ER system. Total award amounts are posted at [Eligible Applicants Funding Amounts](#). LEAs can review their total amount of funds remaining to be drawn down in the ER system.

Impact and Further Action

Current grantees that have an open grant can continue to draw down funds and amend their grant applications. Refer to the [TEA Grant Opportunit2.6 \(t\) tatids and a22Oppo\(t\)4.3 \(u-\(l\)-6.63.6 \(er\)4.9 \(t\)-6](#)
