3. What forms are necessary for my DOI?
  - x Resolution – the agency has no defined form for the resolution. Please consult with your legal counsel regarding your local policies. In addition, TASB has a sample resolution available on their website for reference.
  - x DOI Plan – As each district’s local innovation plan should be developed specifically for their local needs and provide exemptions that inhibit the goals of their plan, there is no standard template. Please note the requirements of a local innovation plan per TEC §12A.003, which must provide for a comprehensive educational program for the district

Regarding the agency form (checklist of exemptions), there is an exemption in my plan for which there is no checkbox on the form. Do I have to report this exemption? Yes. An adopted exemption for which there is no corresponding checkbox must be added to the "Other" section of the form located on the bottom of the last page.
